Presentation and Two Course Lunch: 12:00-14:00

Aperitif at 12:00; presentation and lunch from 12:30

Swissôtel Metropole, Geneva

Speaker: John McAnulty, Group Treasurer, Richemont

Subject: Enterprise Risk Management

The events leading up to the recent financial crisis have focused attention on banks' and other companies' risk management practices. Swiss company law requires disclosures regarding the completion of a risk assessment. Enterprise Risk Management ('ERM') provides a framework for assessing all types of risk.

This presentation will explore the drivers of ERM and the challenge of engaging all stakeholders in an ERM process. It will also examine the outputs of the ERM process and ask the question: do they make a difference?

John McAnulty was appointed Group Treasurer of Richemont, one of the leading luxury goods companies, in 2000 and is based in Geneva. In addition to coordinating all treasury activities, he is responsible for overseeing the Group's global pension and insurance programmes as well as ERM.

Prior to joining Richemont, he worked from 1989 for SmithKline Beecham plc undertaking a variety of roles in finance and strategy development. From 1985, he worked for the Midland Bank group, first in its leasing subsidiary and subsequently in the bank's central finance function.
